Page 2

1. The drawings corrections filed on 11/08/2004 have been approved.

Claims 21, 28-29, and 43 are rejected under 35 U.S.C. 112, second paragraph, as being 2. indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 21 and 43, what the terms "BMP-3"; "T-80MBT"; "BMP-3 ICV"; "ARENA APS"; and "T-80UM2" are intended to represent is not understood. In claims 28 and 29, the phrase "said detection subsystem" lacks an antecedent.

- Claims 1-20, 22-27, and 30-42 are allowed. 3.
- Claims 21, 28-29, and 43 would be allowable if rewritten to overcome the rejection(s) 4. under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
- 5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lloyd et al. (534 B2), Smith et al., Ringer et al., Allred et al., Malavergne et al., and JP 1-296100 disclose state of the art protection systems.
- 6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen M. Johnson whose telephone number is 703-306-4158. The examiner can normally be reached on Tuesday through Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Carone can be reached on 703-306-4198. The fax phone numbers for the organization where this application or proceeding is assigned are 703-872-9326 for regular communications and 703-872-9327 for After Final communications.

Art Unit: 3641

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is 703-306-4177.
